# HELLO & WELCOME

At **PROTECSYS**, we are dedicated to the perfect blend of dependable security and state-of-the-art technology. We create innovative, customized solutions and technologies to ensure our customers' assets are monitored and protected 24 hours a day.

We work in a variety of sectors with a variety of security needs, such as embassies, retail, businesses, hotels, restaurants, gas stations, washing stations, logistics, manufacturing, public administration and more. Whatever it is you do, your peace of mind is our purpose.

Part of the BEVISION group ([www.bevision.be](http://www.bevision.be)), PROTECSYS has more than **16 years experience** in video protection. We offer the security you need in crystal-clear Ultra and High Definition (**4K, 2K and 1080P**).

And with our deep inventory of products and services, we can tailor protection solutions to your specific needs.

Not only do we provide remarkable video security, we also make it possible for you to know what's going on wherever you are by transmitting video to you through your internet, intranet, smartphone, tablet, laptop and more. It's cutting-edge security with modern-day convenience.

# OUR SERVICE

Your journey to the latest in video security has just begun. **PROTECSYS** can give you a free audit and a no-obligation quote in just **24 hours**, and we can even help **you lease our products at 0%\* interest.**

There are never any subscription fees, and all of our products are backed by a full, **four-year warranty at no extra cost.**

Get in touch with **PROTECSYS** today to learn about our full catalog of products and services.

With the best customer service in the business, we can help you find the video security that is right for your enterprise.

# WHAT DO WE DO?

A specialized **video protection and alarm system solution expert**, will visit your site and carry out a full inspection, reporting back to you as part of our direct consultation.

We will talk through your needs and the options available, before installing a security system tailored specifically to your needs.

We install security systems using the most efficient and reliable technology and can incorporate the most innovative surveillance equipment .
